April 21, 2006

Dear Fellow Taxpayer:

As a public service, the **Ohio Taxpayers Association (OTA)** carefully researched the voting records and the positions for the candidates for the 4th Congressional District on important issues. Based upon his excellent record, Republican candidate **Jim Jordan** has earned a strong pro-taxpayer rating from our organization.

Jim Jordan has a lifetime 100% pro-taxpayer rating from his years of fighting on behalf of our families in Columbus! In fact, Jim Jordan is the only candidate running that has a record of voting on these important issues!

Jim Jordan has worked hard to cut and reform Ohio's high income taxes. As you may know, Jim authored the plan that resulted in the creation of the Ohio Income Tax Reduction Fund.

Cutting and reforming Ohio's income taxes are vitally important. Ohio now has some of the highest income tax rates in the nation.

Jim Jordan also believes that taxes and spending are too easily increased in Ohio. That's why he is a key supporter of Ken Blackwell's Tax and Expenditure Limitation Amendment. Such a constitutional amendment would require a vote of the people in order to raise taxes or increase spending over certain limits.

Year in and year out, the **OTA** has found that a public official's past voting record is a frequent indicator of how an official will vote if elected to other offices. That is one of the key reasons why **OTA** conducts this type of important voter research and education.

OTA is a nonprofit, nonpartisan statewide association that works to limit Ohio taxes, government spending, and regulations. For more information, please go to www.ohiotaxpayers.com.

Sincerely,

Scott

Scott A. Pullins, Esq.
Chairman

P.S. Jim Jordan has earned a 100% lifetime rating from our group! For further info, please visit www.ohiotaxpayers.com.
